Brandwood Ward - March 2008

## A personal message from Neville

### Local elections - 1st May 2008

*Dear Fellow Residents and Friends,*

*I have now served 5 years as one of your local councillors. As a local man living and working in Kings Heath it has been a privilege to have been elected twice - 2003 and 2004 – to represent our very special area.*

*I have initiated and been involved with many local initiatives and have successfully dealt with a wide range of local issues.*

## Funding

*I am particularly proud to have attracted substantial investment from central funds for Cocks Moors Woods Leisure Centre. This has raised income and therefore relieved pressure on a wide range of budgets, enabling us to improve other local services.*

## Environment

*Improvements to the local environment have been an important priority. However there is still much to achieve: lamp post and road name plate painting, planting more trees, protecting our grass verges and continuing the battle around litter, graffiti and anti social behaviour. Education is crucial and will play a key role in addressing long term solutions to some of these important issues.*
